** Customer is also responsible for initial fill, to be coordinated with Mainely Tubs.

- Customers are responsible for at least 1 drain and refill per year, or more as needed.

- Water needs to be accessible during entire length of contract for use by Mainely Tubs as needed for water care.

- To complete your service, our Service Technicians require an unobstructed path to the hot tub free of snow, ice or storage items. We also require access to a power outlet. Mainely Tubs reserves the right not to complete service if our Technicians do not have sufficient access. Additional charges may apply for any required return visits.

- Chemicals needed to balance your water are included at the time of visit.

- Mainely Tubs will waive the Service Charge for service visits needed during an active water care contract.
